ESSENTIAL QUESTIONS:
- How can the decisions I make today affect my future?
- What impact does my overall health have on my life?
- What does being healthy mean to you?

3. It is the responsibility of the student to check the assignment center upon their return from an absence. The assignment center will provide the student with assigned homework, handouts, and long term projects
4. Completion grades – These assignments typically are given full credit for simple completion of the assignment. Completion assignments will not be accepted late and no points will be given.

6. **Each student will need one health notebook (a single one subject notebook is adequate) and a folder with pockets or one small three ring binder with notebook paper. Students are expected to bring a pen or pencil to class each day**

7. Students may be asked to redo an assignment if it is unreadable

8. Students who will be missing class for an approved educational vacation (follow district policy - prior approval from principal) must see me at least two days in advance of their upcoming absence in order to get their work. All work is due upon return from their trip.

9. Students pulled out of class for purpose, band, chorus, athletics, or for any other reason must report to my room during homeroom where they will sign out for that period, pick up any worksheets and/or homework, and turn in any homework, which may be due that day.
