Cafeteria Point of Sale (POS) Program Information

The Seneca Valley School District's Food Service Department uses a point of sale system called e-Trition and all schools use a pin pad. This system allows a student to enter their 10 numbers with a touch screen. The POS system automates the purchase of all cafeteria meals and items, monitors student allergies, creates a student history and maintains student balance. In order to make cafeteria purchases a student must have a positive balance on their account. Charged meals will accrue until graduation or separation. A student cannot be denied a meal.

We are proud to offer a wide variety of unlimited fruits and vegetables with all student meals. Please encourage your child to try something new.

Pay Student Meals Online

Seneca Valley accepts payments for school meals through the mySchoolBucks.com online payment service. You can also use the service to monitor, for free, your child’s food purchases. Please note that the mySchoolBucks.com offers a secure gateway that accepts VISA and MasterCard credit cards or debit cards as a means of adding money to your child’s account.

There is no fee to use the mySchoolBucks service to set up an account, view your child’s purchase history, or to set up automated email notices when your child’s meal account falls below a dollar amount you specify. There is a fee if you are using the mySchoolBucks service to make an online payment.

By using the service to pay for meals, the service automatically deposits the money into the student’s meal account at school within one-to-two business days.

To register online, visit the website at www.mySchoolBucks.com. You can register each child using their date of birth and student identification number; and be sure to enter your child’s name exactly as you did when you registered them at school. A valid email address is required when you sign up for the service.

If leaving the district or graduating, refunds will be handled through the cafeteria manager or by contacting Faye Nelson in the food service department at 724-452-6040, ext. 1655 or by email at neirolfo@svsd.net.

If you are having difficulty with the registration process, please call the mySchoolBucks parent number at 1-855-832-5226.

Cafeteria Payment Procedures

Funds may be added to a student account by registering at www.myschoolbucks.com (see more left). Parents are encouraged to use mySchoolBucks, the preferred payment method. You may choose lowercase to send a check or cash to your school’s cafeteria. Please make sure the student’s full name and enclosed dollar amount is on the outside of an envelope along with the 10 number on the inside flap. If you have multiple children in different schools, you will need to provide separate checks. Cash transactions are acceptable, but not preferred. The goal is to have money on all accounts in an effort to speed up the lines and afford the children more time to sit down to eat.

A student may ask for any cash account balance, and the cashier will notify the student at the point of service.

Parents will also receive an email from the district when funds are low. Please remit payment as soon as possible.

An account balance must be positive in order for a student to purchase an al a carte item. Parents may limit the student’s purchases to “meals only” or “one at a carte per day.” That can only be done by email to the cafeteria manager or by contacting Faye Nelson in the food service department at neirolfo@svsd.net who will then post this message to the student account. If an elementary or secondary student does not bring a lunch or does not have enough money to buy a lunch they will be offered a charged meal of their choice.

Parents are notified via email on low or negative balances.

The Seneca Valley Special Education Program

The Seneca Valley School District Special Education Department is committed to meeting the needs of students with disabilities in the least restrictive environment and helping them reach their potential while maintaining compliance with state and federal regulations. If a student demonstrates a potential need for special education, a multidisciplinary evaluation is conducted to determine if the child has a disability and is in need of special education services. The evaluation process may be initiated by school staff or by a child’s parent, who may do so by contacting the building administration. The amount and type of special education services to be received by a student is determined on an individual basis by the Individualized Education Program (IEP) team, of which the parent is a very important member. The Seneca Valley School District offers a continuum of services and placement options to meet the needs of each student. Services include but are not limited to:

- **Autistic Support:** This type of support may be recommended for a student with a disability who requires services to address needs primarily in the areas of communication, social skills or behavior. This is consistent with those on the autism spectrum.
- **Emotional Support:** This type of support may be recommended for a student with a disability who requires services primarily in the areas of social or emotional skills development or functional behavior.
- **Learning Support:** This type of support may be recommended for a student with a disability who requires services primarily in the areas of reading, writing, mathematics, or speaking/listening skills related to academic performance.
- **Life Skills Support:** This type of support may be recommended for a student with a disability who requires services primarily in the areas of communication or use of assistive technologies designed to provide or facilitate the development of communication capacity or skills.

In addition, services for eligible students may also be provided by Midwestern Intermediate Unit (MU-IV). Services provided by MU-I/IV may be provided in the district by itinerant MU-I/IV staff or in multi-district programs. Multi-district programs include: Deaf/Hard of Hearing Support, Blind/Visually Impaired Support, Life Skills Support, Autism Support, Speech/Language Support and Multiple Disabilities Support.

### Section 504/Chapter 15

Students protected by Chapter 15 of 22 PA Code (“Protected Handicapped Students”) must be of school age and have a physical or mental impairment that substantially limits one or more major life activities (e.g., learning). In compliance with state and federal law, Seneca Valley will provide to each eligible student without cost to the student or family, those related aids, services and/or accommodations that are needed to afford the student equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities without discrimination and to the maximum extent appropriate to the student’s abilities. These protections are distinct from those applicable to eligible students receiving (or seeking receipt of) special education services under IDEA and Chapter 14 of 22 PA Code.

### Gifted Education

If a student demonstrates a potential need for gifted services, a multidisciplinary evaluation is conducted to determine if the child is in need of special programming. The evaluation process may be initiated by school staff or by a child’s parent, who may do so by contacting building administration. The amount and type of gifted support to be received by a student is determined on an individual basis annually by the child’s Gifted Individualized Education Program (GIEP) team, of which the parent is a very important member.

- **Gifted Support:** Students receiving gifted support have been identified as having outstanding intellectual ability, the development of which requires special services and activities not ordinarily provided in the general program. Gifted Individualized Education Programs (GIEPs) are developed annually.

#### Website

Seneca Valley has partnered with EDGEClick Advertising to offer you the opportunity to advertise on the Seneca Valley Website. Since the EDGEClick network is limited to the official websites of Pennsylvania School Districts, we can make a reasonable judgment of the network’s reach. The majority of visitors to these sites are the parents of school aged children, which places them generally in the 25-50 age demographic of the prime of their spending years. With the competitive pricing we offer, the EDGEClick Network would be a welcome addition to your advertising budget, with a measurable ROI and the ability to tailor a campaign to your exact geographical needs. To learn more and request a custom quote, please contact Bob Phillips, EDGEClick Advertising • Office: 724-752-5552 x2228 • Mobile: 724-630-3350 • Email: bh@edgeclick.com • Website: http://edgclick.net

The Board prohibits students possessing and bringing weapons and replicas of weapons into any school district buildings, onto school property, to any school-sponsored activity and into any public or private property transporting transportation to school or a school-sponsored activity. The school district shall expect for a period of not less than one (1) year any student who violates this weapons policy shall be suspended and shall be placed in accordance with formal due process proceedings required by law. In the case of an exceptional student, the Superintendent shall take all necessary steps to comply with the Individuals with Disabilities Education Act.

**Harassment Policy (248.1)**

As defined by the Commonwealth of Pennsylvania, sexual, racial and ethnic intimidation is against the law. Any action that is intended to sexually, racially or ethnically intimidate, coerce, embarass, or cause or harm is against school district policy and will not be tolerated.

**Media/Website Notice (902)**

As part of an on-going process to generate good news about our schools, the Seneca Valley School District will be involving the media inside our classrooms to learn about our outstanding academic programs and events. Parents/Guardians are encouraged to have their child’s name, photograph or other personal information to appear in any media or district publications, including but not limited to the internet, newspapers, magazines, etc., must submit written documentation to the appropriate building principal.

**Attendance Policy (204)**

Irregular school attendance results in lowering the level of a student’s academic achievement in addition to placing a burden on teachers who attempt to help absentees keep abreast of classroom and meet the needs of the other students. Patterns of regular and habitual absence that carry over into adult life and post high school responsibilities must be strongly encourage. In these cases, the student and the parents/guardians shall assume responsibility for enforcing compulsory attendance laws in conformity with the School Laws of Pennsylvania, the regulations of the State Board of Education, and the regulations of the Seneca Valley School District. A student shall not be granted credit for any semester course if unexcused absences from that course total more than five (5) percent per semester or for any full year courses that total more than ten (10) percent for the year. Class period absences may include but not be limited to illness, truancy vacatons, parent/guardian sponsored educational experiences, college visitations, service related tests or physicals, and doctor appointments. A student is not considered absent from class if s/he has been physically present any part of the period. Students will be afforded the opportunity to complete assignments, coursework, and tests missed during an unexcused absence. However, students will not receive credit and will be assessed a score of zero (0) for any such assignments, coursework, or tests missed during an unexcused absence. Students of compulsory age having illegal absences will also be subject to the attendance laws prescribed by the Pennsylvania School Code of 1949. Read more about Attendance Policy R204 at www.svsd.net/schoolboard.

**Terroristic Threats/Acts Policy (218.2)**

**Physical Exams, Screenings, Laws and Immunizations (203)**

The Pennsylvania School Health Law requires that each child receive a physical examination upon entry into school and in grades 6 and 11, and a dental examination upon entry and in grades 3 and 7. The district recommends that these examinations be completed by the child’s physician and dentist (Payment for private exams is the responsibility of the parent.). If examinations are not completed, the child will be scheduled at school for an exam. State mandated health screenings that are conducted by the school nurses include vision, hearing, height, scoliosis, weight and calculation of a Body Mass Index (BMI)-for-age percentile. The BMI-for-age percentile is used as a guideline to help assess whether an individual may be overweight or underweight. This information will be sent home to the parent/guardian of each student. BMI should be considered a screening tool only. School immunization regulations of the Pennsylvania Dept. of Health require all students attending public or non-public schools to provide proof of proper immunization. A student shall be exempt from the requirements if a written statement from parent/guardian is in writing to such immunization for religious grounds or whose physician certifies that the child’s physical condition contraindicates immunizations. Calendar dates are updated throughout the school year. To view current activities for August 2020, please visit our online calendar at www.svsd.net
Calendars are mailed only to those students in grades 7-12 who have no siblings in the K-6 grades. Students in grades K-6 will receive a calendar in their classrooms during the first month of school. The activities calendar is an award-winning publication of the Seneca Valley Communications Department. The enclosed activities were current as of press time, Aug. 1, 2019.

The activities calendar is paid for by businesses as noted inside. We thank them for their support of Seneca Valley!

Seneca Valley’s calendar cover features one of over 1,000 Post-it notes left by students on lockers in the Seneca Valley Intermediate High School. Each one featured a positive message, demonstrating that there is room for everyone to see — and discover - the good
